March 11th at 10:30am

This is an online session run on ZOOM

WHAT DO PHARMACISTS HAVE TO DO WITH TEETH AND HAIR?

As part of our National Lottery project, Park Pharmacy Trust is running a series of online Zoom sessions which explore items from our pharmaceutical past that are in its museum collection at Thorn Park Lodge.

This session looks at the role pharmacists played supporting people with their teeth and their hair.

This is a great opportunity to learn in a fun and safe environment. Each session is facilitated by a friendly team who make the experience memorable.

These online sessions will be between 45-60 mins long where you can join other like minded people and socialise online.

**BOOK YOUR PLACE BY SENDING AN EMAIL TO:
ENQUIRIES@PARKPHARMACYTRUST.ORG.UK
OR TELEPHONE JAN KNIGHT ON 07764232946**

In your email please tell us if you will need help to connect on Zoom with a computer, iPad / tablet or phone. Don't forget to include a telephone number.

This project has been developed by Park Pharmacy Trust in partnership with the National Lottery Community Fund. Come and have fun at one or more of our sessions. We look forward to meeting you.

Please circulate this information to anyone you know. We hope in the spring to be able to entertain you at Thorn Park Lodge and medicinal garden.
